5TH INTERNATIONAL
20-22 FEBRUARY 2025

MUNICH, GERMANY LYMPHOCYTE CONFERENCE ON ENGINEERING
thank you for joining

us!

A Look Back at ICLE 2025

ICLE 2025 in Munich brought together delegates from 30+ countries, **Nobel Laureate Drew Weissman**, **Breakthrough Prize winner Carl June**, and leading voices in the field. Ideas sparked, connections formed, and momentum grew.

Between packed sessions and lively discussions, the energy was undeniable. The work continues, and so does the conversation.

Featured Speakers

Drew Weissman

University of Pennsylvania School of Medicine, USA

Carl June

Parker Institute Cancer Immunotherapy; University of Pennsylvania, USA

Jennifer Brogdon

Novartis Institutes for Biomedical Research, USA

Chiara Bonini

San Raffaele University, Italy

Stanley Riddell

Fred Hutchinson Cancer Center,
USA

The ICLE Advantage - Enhance Your Future

Embark on a journey at the forefront of scientific exploration, where groundbreaking topics take center stage. This is the exclusive platform where leading minds unveil the latest breakthroughs, sharing insights that bridge the gap from research to clinical practice. Immerse yourself in invaluable discussions with top-notch experts in lymphocyte engineering therapies, gaining a firsthand understanding of the challenges and triumphs in the field.

REVOLUTIONARY TOPIC

The only international conference focusing specifically on research and clinical translation of gene therapy, cell therapy, genome engineering, and immunotherapy.

LATEST BREAKTHROUGHS

Learn what is done to translate the lymphocyte engineering research to clinical practice and how your colleagues overcome their challenges.

TOP-NOTCH EXPERTS

Hear from renown leaders, sharing invaluable insights on lymphocyte engineering therapies and discuss the latest findings and trends.

ESTABLISH COLLABORATIONS

ICLE's international community of scientists at the forefront of translational medicine is the place to be to create new successful partnerships.

AMPLIFIED EXPOSURE

Make your work visible, receive feedback, discuss your results with colleagues and experts from all over the world, and find future collaborators.

GREAT LOCATION

Home to the biggest European research hub in the field and one of the most visited cities in Europe, Munich is without a doubt the perfect city to host ICLE 2025.

Join us in Munich

ICLE will visit once again one of the leading centres in Germany for medical engineering - Munich. The capital city of the German province of Bavaria is famous for its beautiful architecture, fine culture, and the annual Oktoberfest beer celebration - which you can visit in 2023 right after the ICLE Conference. A center for culture, art, education, sport, research and medicine.
