

4TH INTERNATIONAL
CONFERENCE ON
LYMPHOCYTE
ENGINEERING

12 - 14 SEPTEMBER 2023
MUNICH, GERMANY

The [4th International Conference on Lymphocyte Engineering - ICLE 2023](#) is bringing together the world's innovators in immune-gene therapy in Munich, Germany on 12-14 September 2023.

The ICLE Conference brings together the best international experts in lymphocyte engineering, facilitates the sharing of data and ideas, promotes collaborations, and gives center-stage to leading and innovative research, discussions of real-world case studies, and provides amazing networking opportunities between like-minded peers.

Submitting your exciting new research for this year's Conference will give you the opportunity to make your mark in the field of lymphocyte engineering and receive valuable feedback from colleagues and experts from all over the world.

Don't miss the chance to present an Oral or Poster presentation and have your work be among the top abstracts which will be published in [Human Gene Therapy Journal](#).

Be part of ICLE 2023!

Abstract submission deadline: 22 March 2023

Visit <https://lymphocyte.kenes.com/abstract-submission/> to submit.

Early bird registration deadline: 17 May 2023

Visit <https://lymphocyte.kenes.com/register/> to register.
